**“THESE ARE THE CHILDREN OF DAN  
ACCORDING TO THEIR FAMILIES... SIXTY  
FOUR THOUSAND AND FOUR HUNDRED.”  
(Bamidbar 26:42,43)**

The Chafetz Chaim noted that the total population of the tribe of Benjamin was forty five thousand and six hundred. Dan's population was sixty-four thousand and four hundred. What is so remarkable about this is that Benjamin the head of the original tribe had ten sons while his brother Dan only had one. What is even more remarkable is that Chushim who was the only son of Dan was handicapped; he was deaf. Although Dan only had one son and Benjamin had ten, Dan had more descendants than Benjamin.

From here we can learn a lesson said the Chafetz Chaim that if the Almighty wants a person to be successful, he will succeed even if it appears at first that he has less than someone else. It is possible from one son a person can have more than from ten sons.

This is also true in regard to wealth and possessions. There are some people with only a limited amount of money and possessions but they feel happy with what they have and live very cheerful lives. On the opposite side, there are wealthy people who lack true success and joy in life even though they own a lot.

Some people see that others have more than they do, and feel bad about this and fail to enjoy what they themselves have. Envy is a mistake. You can live a very joyous life even if you appear to have less than others. Pray for the Almighty's blessing with what you have. Quantity is not always a valid measurement for success in life. The person who masters taking pleasure with what he has is guaranteed a life of happiness.

For this week one time a day stop and articulate something you are thankful for and appreciate all the good you have in your life.

Have a joyous Shabbos!

Rabbi Kalatsky

Parashat Pinchas marks the 32nd anniversary of the completion of our Community Eruv. We are grateful to Hashem for reaching this milestone, and want to offer Hakarat Ha-tov to everyone who works to ensure that the Eruv is up and Kosher week after week, including inspectors, rabbis, volunteers, Xcel Energy and our donors.
